South Bay Hurricane Included In Xmas Fiesta Parade And Doings; Station WPTV Will Televisc Action

Mrs. Edwina Young announces that the South Bay Hurricane, a drill team, fully uniformed, have accepted the invitation to participate in the Xmas Fiesta on December 17th and 18th, and that Station WPTV will televise the activities for showing on Friday afternoon or Saturday morning.

It is also announced that the negro Boy Scouts, under W. C. Taylor have undertaken the distribution of the handbills which is being prepared announcing the Fiesta to all negro communities from Canal Point to Moore Haven. The white Boy Scouts will assume the responsibility of delivering to the white inhabitants.

Mose Mosley has charge of a group of ten clowns who will follow along the parade and distribute gifts to the kids.

With the bands that have accepted, the marching unit along with the fourteen floats by local merchants the marching line will be of considerable length. Commissioner Paul Rardin has made available the County Barn for the assembling of the floats prior to the parade.

USDA Credit Official Visits Glades Areas

Congressman Paul Rogers accompanied Mr. Kenneth L. Scott, Director of Agricultural Credit Services under Secretary Benson and John Stewart of Lake Worth who visited the Glades Thursday afternoon to secure information on Glades farms, their sizes, production and to determine their place in the picture of farm credits.

Several farms and packing-houses were visited, including Pioneer Growers and South Bay Growers. Graber radish farm, the Wedgworth farms, Rabin's operation and others were inspected.

District Meet For Boy Scout Leaders

Announcement is made by Tommy Lanier, assistant Boy Scout Leader here, that a Glades District meeting of all leaders in Boy Scout work and any one interested will be held at the old Elementary School auditorium Nov. 19 at 8 p. m.

Removal Of Old Landmark Recalls History Of First Power Plants

PICTURED ABOVE IS THE FLORIDA POWER AND LIGHT CO., "stand by" plant in the process of being moved from the rear of the Ellipsberg Bldg. on Main St., Jan. 25, 1952. The 2 cyl. F.M. Type engine in background was for several years from 1928 on, the City of Belle Glade's only source of power. The one cyl. horizontal engine was later installed to handle peak loads. The building housing engines was already demolished when picture was made.

The last remains of a historical landmark, in process of being dismantled, raised many inquiries from interested passers-by last week. The old 25 KW foundation in back of Glades Chevrolet parking lot on the corner of Avenue A and Main Street now being removed, is all that is left of a concrete building which was a proposed power and light plant in 1927, and destroyed by the 1928 hurricane.

Lawrence Will, early pioneer, has finished THE HERALD following the interesting story of the efforts of Belle Glade's early settlers to furnish electrical power to the area.

FIRST POWER PLANT BEGINS OPERATION

The first power plant in Belle Glade which sold electricity to customers, was located in the

Belle Glade Herald

Belle Glade, Palm Beach County, Florida, Friday, Nov. 16, 1956

Cigarette Tax Still Substantial Amount

Belle Glade's share of the cigarette tax for the month of September, which is a slow month, amounted to \$4,234.98 according to a report of the Revenue Department.

Of the total collected, \$1,680.115 in the state, the general fund gets \$254.669.

South Bay gets \$701, Pahokee \$1,808 and Clewiston \$2,064.

Rams Meet Blue Devils In Final Game At Pahokee

The Belle Glade Rams and Pahokee Blue Devils will ring down the curtain on the 1956 football season when they meet at Pahokee next Wednesday.

The annual battle between these neighboring rivals have been something to behold in the past and this year's struggle appears that it will be no exception. The "Dogs" are a useless piece of equipment when these two teams meet; comparative scores and games won and lost usually mean nothing. Very often it is simply a matter of which way the ball bounces.

If a favorite is picked it will probably be the Rams on the basis of games won and lost in the season but since that time Pahokee has shown almost unbelievable improvement. On the other hand the Rams have suffered so many injuries to key players that their entire system has had to be revamped and they have been weakened in the process.

In an effort to improve their defense the Rams have adopted several offensive systems. They can run and throw from several variations of the "T", the single and double wing formation, and the spread. The Rams operate from a variation of the "T" and also use the spread.

Pahokee's favorite offensive weapon so far this year has been the forward pass. The Blue Devils have been very successful in this phase of their game. In an effort to improve their defense the Rams have adopted several offensive systems. They can run and throw from several variations of the "T", the single and double wing formation, and the spread. The Rams operate from a variation of the "T" and also use the spread.

Rail Car Movement Behind Last Year

With a deficit of 173 rail cars over the same week last fall, beans, radishes, corn and celery make up the major part of the movement. This fall, Celery came in as an early item this year.

Lion Pres. "Trouble" Sez "Smooth It Over"

Joe Alvarez of the County Sanitation Department began his scheduled tour to local Lions Wednesday only to be interrupted by August Kirshman somewhat as follows: "Mr. Joe, we appreciate your coming out, but we don't appreciate having a City slicker coming out here criticizing our way of living. We've heard before about our need for sewerage and improvements in the water works, but honestly we're getting tired of

first hotel which was half a block east of the bridge and facing the canal. It was owned by the late E. R. Riedel. He had installed a 25 KW Kohler home light plant for the illumination of this building. Later he put in another and furnished current to his filling station near by, and to one or two other places. When the Riedel started building up in 1927, he purchased another building before a recent fire as big as the other two put together, and bought poles and wire and supplied most of the stores in town, which by the following year numbered about a dozen.

Although it was during the national business depression, Belle Glade was experiencing a building boom. Houses, stores and packing houses were going

(Continued on page four)

MEMBERS OF A FARM STUDY TOUR, sponsored by Radio WOW and WOW-TV of Omaha, having a personal inspection of the Duda operations southeast of Belle Glade. In the foreground, Herbert Lloyd is engaging two of the visitors, while George Young talks to another group. Ral Klidder is evidently telling two farm ladies about the Glades milk potential. This is the eighth tour sponsored by this radio station and include folks from Nebraska, Iowa and a few from South Dakota. The party included a tour of Nassau before taking up the east coast of Florida into southeast Georgia before returning to Omaha.

Securing Burlap Needs From 7,000 Miles Unnecessary

Four Belle Glade scientists, Summers, Randolph, Byrom and Allison will tell the Soil and Crop Scientists of Florida of progress made with retting kenaf at the Everglades Station.

As the country uses approximately one billion pounds of burlap annually, all of which must come from India and Pakistan, 7,000 miles away, the scientists of Florida, who are working on a profitable crop to 1,000,000 acres in southern United States, are interested just now.

If the Asiatic get much more unruly, our sole source of supply could become cut off pronto. Kenaf, not only a satisfactory, substitute for jute, could easily afford a profitable crop to 1,000,000 acres in southern United States.

Rams Squeeze 7-6 Win Over Pompano

The Belle Glade Rams squeezed out a touchdown and an extra point to hold on to a 7-6 win over Pompano last Friday night. Near freezing temperatures failed to cool the enthusiasm of a wildly cheering homecoming crowd whose frenzied antics seemed to infect both teams.

The Rams had their hands full fighting off one Pompano thrust after another for all but about three minutes of the first half. Pompano made three advances deep into Belle Glade territory only to be stopped on the 20 yard line by a determined defense. Pompano's biggest threat to go to the Rams bottled up, forcing them to punt on three successive occasions. B. B. Bradlock's kicking was an important factor in preventing one or more early scores.

With less than three minutes to go in the first half and the ball on the Belle Glade end of the field, Bradlock pitched a screen pass to Burkett who carried 42 yards to the 47. Billy Jackson got a first down and the Rams would be in the clear on a quarterback sneak play and fought his way for 30 yards and the only Belle Glade Touchdown. Jackson made the all important extra point with a smash over left tackle.

The Rams threatened to break the ball game wide open in the third quarter when they drove 60 yards to the Pompano 5 only to see a fine 25 yard run by a double back, but honestly we're getting tired of

(Continued on page five)

O'Connell And Nugent Praise Work Of Belle Glade City Police Force

For an opinion, in view of the extensive experience of the two gentlemen, and especially in Palm Beach County.

Mr. O'Connell stated that his only comment would be for these gentlemen to be given the capital punishment, but in all cases he had found "Belle Glade has a good police force as a good police force most cooperative and thorough."

Mr. Nugent's opinion that "Belle Glade's Chief and his men not only cooperate most willingly but do most thorough job." "As an example," he continued "in the recent case of attempted rape we received a case thoroughly prepared and without a doubt we will secure a conviction when the person is apprehended. I think Belle Glade has a good police force as a good police force most cooperative and thorough."

Commissioner Evans asked

Warning Given To Stay Off Sunshine Parkway

An urgent request for motorists to stay off the Sunshine State Parkway, Florida's Miami to Fort Pierce, turnpike which is rapidly nearing completion, was issued today by Thomas B. Manuel, Chairman of the Florida State Turnpike Authority.

He pointed out that construction is not complete and the road at the present time is extremely dangerous for motorists who do not know where bridges are not completed.

"We still have a lot of construction equipment along the entire length of the Miami to Fort Pierce section of the Sunshine State Parkway.

In addition a number of places where bridges which are not completed and motorists could very easily be killed by going off the ends of ramps, and there are sizeable bumps. If these places are hit by a motorist traveling fairly fast, he could easily be hurled off the ends of these bridges.

"Florida State Troopers are patrolling the turnpike and will be necessary have to take action against trespassers," Chairman Manuel said.

Rainbow Light Bulb Sale Now Underway

A light bulb sale sponsored by the Rainbow Light Bulb Company is now under way. The sale is open to all and the bulbs are C-25 brand verdex filter bulbs which filter out the bright rays for a soft white glow. These wishing bulbs may call Carol Allen at WY 6-3223.

Working conditions Of Harvest Labor Is Inspected Here

Farm Labor Personnel and Field Supervisors of the Alabama State Employment Service visited Belle Glade and adjacent agricultural areas on Thursday, November 15th. Arrangements were made for these representatives to talk with local growers particularly those who have a need to use labor from the State of Alabama.

The main purpose of their tour of Florida agricultural areas was to inspect the first hand picture of crop conditions and agricultural housing.

Mr. Bryan Page and Mr. Bob Rumbley, Assistant Farm Labor and Chief, accompanied this group on their tour of Florida agricultural areas.

Similar visits are expected by the Alabama Personnel and Field Supervisors of the State of Mississippi and South Carolina within 2 weeks.

Reserved Seats For Pahokee - BG Game

Reserved seats for the Thanksgiving Eve football game at Pahokee will be on sale at the Belle Glade High School office, Monday through Wednesday, Nov. 19-21. According to Principal Frank O. Hobson 300 reserved seats will be available so to insure a seat at the last game of the season, gets your early.

Supply & Demand Of Harvest Labor About Equalized

For the first time since the beginning of the harvest season a good balance between supply and demand of labor was reached this week. Small surpluses of workers were evidenced on Wednesday and Thursday but these surpluses were overcome quickly by transfer of workers to other areas in South Florida on a temporary basis.

A good supply of bean harvest hands has been making the day haul run from the East Coast although the numbers this year are considerably below what was available last season at this time.

According to L. L. Smith, Manager of the Florida State Employment Service, there is a large surplus of workers available to growers in this area. These workers are located in the States of Alabama and Mississippi. Growers having additional work and seeking additional workers should contact the Employment Office in Belle Glade for further details.

Record Slaughter In October Shows In Local Market

Slaughter of cattle in the US during October was the largest on record, and calf slaughter was the largest for any October since '45, though many were of low grade and from drought areas.

Glades Market sales for this week show 573 of the 622 head sold went to the slaughterers.

Comparisons with November sales for the 2nd week of the month last year show a marked decrease over a year ago.

Local Man Completes Officers Basic Course

Second Lt. Frederick D. Stevens, son of Mrs. Thelma D. Stevens of 80 East Palm Beach Road, Belle Glade, Fla., completed the Signal Corps Officers Basic Course, at the Signal School at Fort Monmouth, N. J. on November 6, 1956. He was sent to The Signal School, to receive basic training in the duties and responsibilities of Company Grade Signal Officers, prior to joining a Field Unit.

The 22-year old officer was graduated from University of Tex. 1955.

The first three weeks of the ten week course, was devoted to field training, during which officers participated in such sub-courses as Battle Indocination, Bayonet Training, Hand-to-Hand Combat, Methods of Instruction, Military Leadership and Physical Conditioning.

Upon completing his part of the course, officers were given thorough training in technical subjects. This seven week phase consisted of instruction necessary to prepare graduates to assume duties of Radio Officer, Telephone and Teletype Officer, Message Center Officer or Signal Supply Officer.

The final phase of technical instructions took place in the field. Here students had an opportunity to install communication systems and operate them under simulated combat conditions.

Last Home Game Rams - St. Theresa Is Parents Night

The Belle Glade Rams will play the last home game of the 1956 football season when they meet the St. Theresa Musketeers of Coral Gables here tonight.

Pahokee will then move to the St. Theresa Musketeers who will look them over at the Blue Devils in the traditional "Turkey Day" contest.

All mothers and fathers of the football team will be guests of the Golden Rams and coaching staff at the game tonight. They will be given seats on the side lines and during the half intermission will be recognized.

St. Theresa is reported to have a well coached and highly trained football club which is tops in its own league. Scouting reports indicate that the first seven Musketeers could hold their own with the eleven in the Suncoast Conference but that they lack size and reserve strength to go top speed for an entire game. The Musketeers boast two fine backs in quarterback Jim Ellison and fullback Frank D'Amico. Both these boys perform well on both of offense and defense. Ellison, though weighing only 160 pounds, is said to be one of the best linemen in South Florida.

The Rams should be in better shape for tonight's game than they have for several weeks. Philip Crant, right halfback, will be back after being out for two games. Larry Harris has looked unusually good running at the fullback position since injured Billy Lee, John Prevatte, 220 pound right tackle will see no service before the Pahokee game but Randy Way, Vance Broome, and Billy Abel appear ready to handle the tackle posts. Jack Hamilton, defensive end, will be ready to go at full speed for the first time in three weeks.

With Pahokee having played (Continued on page five)

Fla. Scientists And Engineers Give

With Solid Dope On Water Problems

Some five dozen specialists, lawyers, engineers and scientists singly and in pairs will reach into a bag of theories, and techniques, whether by laboratory and field experience, to bring to the attending audience of Soil and Crop Science Society of Florida's annual meeting, "direct from the horses mouth," facts both interesting and alarming.

The Ft. Harrison Hotel at Ft. Harrison will be the scene of the meeting beginning on Wednesday, November 28th, at 8:00 a. m. and continuing through Friday, November 30th.

Holding a place early in the program, WATER, it's Ruses and its Utilization, will be considered from the legal, source, supply, and engineering

viewpoints. Water's use by industry, municipalities, agriculture and for recreation will be discussed by men of eminent qualifications in the several sub-divisions.

Florida is possessed of more fresh water per square mile than any state in the Union, according to scientists, and Florida is possessed of scientific and engineering experience to apply theory to man's everyday practical needs.

The program, as planned, will be a layman's view of the meeting, whether he be cattleman, farmer, industrialist or ordinary business man interested in each and every one of the face of the present influx of light industry into the state, even if he can need to know as much as possible about fresh water.

In the heart of the fabulous Florida Everglades, we raise fresh winter vegetables for the whole nation that can be profitable. Investigate our possibilities.

Commissioners Aim At Removing Co. Voting Hardships

A complete overhaul of the county's precinct locations and polling places to erase some of the reported hardships of voting in last week's general election, was approved by the County Commission this week by adopting a resolution drafted by Commissioner Chairman Paul Rardin.

Following adoption of the resolution which recommended sweeping changes in the present voting precinct locations, Chairman Rardin named the county board, attorney Harry Johnston and Engineer Steve Middleton as a committee to vigorously push for the suggested changes.

The Rardin resolution called for a complete survey of the county, state and national elections, a general holiday to allow the use of schools, courts and other public buildings as polling places - a move intended to increase the size of the electorate by bringing inside the buildings and not be forced to line up outside polling places.

The resolution also called for a review of the county's present precinct boundaries with a view to their being redistributed and rearranging said precincts... providing each citizen every vote with a convenient and efficient place in which to cast his ballot.

In addition, Rardin recommended that additional funds be made available in the county's budget to help in the purchase of additional voting machines.

Howard voted to send copies of the resolution to all county commissioners in the state, to the state legislative assembly, and to the State Association of County Officials.

(Continued on page five)

County Jet Airport Plans Being Readied

Official designation for Palm Beach County's new jet airport - plans for which are still in the drawing board - will be written into the Ordinance January 1, the county commission learned this week.

Plans for the new port - to be located west of West Palm Beach on a site which will fit into the Civil Aeronautics Authority's flight patterns - have been drafted by County Engineer Steve Middleton and his assistants.

Frost told the commission Tuesday that he had conferred with the Civil Aeronautics Authority and won approval for the general plan for the airport with slight modifications recommended by the Federal Bureau.

Frost also reported that the FAA had agreed to give official designation to the port which would be the first step in winning federal funds to help finance construction of the project.

"We have passed the first milestone in acceptance of the project," Frost reported.

In another report concerning aviation, the commission heard that the county's passenger traffic was increasing through inter-county flights and that commercial airlines are adding flights to handle the traffic.

Carden, fullback, has built up quite a reputation as a power runner here of late.

Pahokee's husky line will be led by all-conference tackle prospect Ronnie Hitchcock. At guards will be Eugene Pearce and Charles Holley. Dale Stacey will be at left tackle and H. Sheppard will be at center. Clifford Stuart, fast developing runner, will be at right halfback.

RAMS SQUEEZE 7-6
(Continued from page One)

Mixing running plays with short passes to Zinke and Hughes Pompano swept 60 yards to their lone score early in the fourth period. An offside penalty nullified the extra point and the next attempt failed. The Rams staved off Pompano's next drive and took over with 12 seconds left.

Devils have two line receivers in ends Charles Hayes and Earl Meredith. Quarterback Clyde Alley and halfback Richard Weeks are both good passers and dangerous runners. Weldon available.

Need Of Guidance Counselling Told At PTA Assn. Meet

"Guidance counselling teaches the student what he can do and his needs in order to do it," Mrs. Norma Warren, Lakeland High School guidance counselor, told parents at the regular meeting of the Parents and Teachers Assn., Monday night at the high school auditorium.

Introduced by Mrs. R. V. Allison, vice president and program chairman of the PTA, Mrs. Warren pointed out that counselling guides students into taking courses and subjects best suited for them in preparing them for what they are able to do and want to do.

The group voted upon recommendation of the board to conduct the room count award with a banner to be given each month to the classroom among the first six grades having the most parents present at PTA meetings and at the end of the year to give a \$5 prize to the room winning the most times during the year.

Mrs. Sam Lovell's first grade room won for November. Announcements were made that American Education Week is Nov. 11 to 17; that the carnival proceeds to date are \$93.75. PTA membership is 450 and school chairman, Mrs. Garold McKee hopes to reach the goal of 500.

Refreshments were served by a committee of Mrs. R. S. Burr, Mrs. J. A. Binkley, Mrs. Ralph Freeman, Mrs. Shelly Connell and Mrs. W. H. Cox. A social meeting followed.

CHURCHES

Presbyterians Elect Elders

At the congregational meeting of the Everglades Presbyterian Church held last Sunday morning, Cecil McClure and Charles Crichtfield were elected elders. These elders-elect will meet with the present elders, Robert Lanier, Robert Roadman, Alvin Kirchman and John Randolph on Sunday at 8:30 p. m. to make preparation for the installation and ordination service to be held the first of the new year.

On Nov. 25 the congregation will meet to elect additional deacons. Announcement was made of the Pioneer Fellowship by Dr. and Mrs. Howard Ray are planning a special out of door program on Sunday.

Dr. J. L. Scott, pastor, announces sermon topics for Nov. 18 are as follows: Services 11

a. m. "Thanks Giving" and evening at 7:30 p. m. "The Office of Elders."

The World Missions Workshop of the Everglades Presbyterian Church, held at the Shennodah Church, Miami, Nov. 15 was attended by Dr. Leighton Scott, chairman, Elder Bob Lanier, C. E. Crichtfield, Dr. Howard Ray and David Motes.

The Women of the Church will hold regular meeting Tuesday, Nov. 20 at 8 p. m. "The Family Use of Money" will be the subject. Mrs. Leighton Scott will present the program.

Father Smith Speaks To Altar Society

Father Smith of New Baltimore, Pa., was the guest speaker at the regular meeting of St. Philip's Altar Society held at the Woman's Club building Tuesday evening.

He gave an interesting talk of the duties and teachings of

the "Carmelite Order" to which he belongs.

During the business session announcement was made that net proceeds of the spaghetti supper were \$500, and of the fruit cake sale now on orders being taken for Thanksgiving and Christmas by Mrs. Joe Murphy and Mrs. Bob Cameron.

Fifteen members were present. Refreshments were served by Mrs. Myrtle Tabit and Mrs. E. A. McCabe.

Thanksgiving Service

The Union Thanksgiving Service, sponsored by local Ministerial Assn., will be conducted at the Everglades Presbyterian Church Thursday, Nov. 22 at 9:30 a. m. Rev. H. E. Garrett, pastor of the Community Methodist Church, will bring the message. The Presbyterian Church Choir will sing.

An invitation is extended to the public to attend.

Thanksgiving Services At Methodist Church

A Thanksgiving Service will be held at the Community Methodist Church Sunday, Nov. 18 with music by the Chancel Choir at the service at 11 a. m. The sermon, "The Nine Returned to Offer Thanksgiving" will be delivered by the pastor, Rev. H. E. Garrett at the evening service at 7:00.

Senior M.Y.F. met with Rev. and Mrs. Garrett last Tuesday night to plan the Worship Service for one month. The programs are to be centered around "Youth and the Alcohol Problem."

Ninety children have perfect attendance in Sunday School for the month of October. The total enrollment of the Children's Division is 185 almost fifty per cent of the children had perfect attendance. The honor class for the Primary Dept. was the Third and the

Sixth grade had the highest percentage of attendance in the Junior Department.

Veterans Day Is Observed By South Bay Baptist Church

Memorial Services were held on Veterans Day at the First Baptist Church of South Bay. Rev. John Cooper, pastor, chose as his subject, "The Best Things in Life Are Not Free." He used to clarify his subject that Jesus Christ had paid for our sins on the cross.

In memory to the Veterans that have died in the many wars, the fire siren blew at 11:00 a. m. as worship service started and the congregation stood in silence for 30 seconds.

The South Bay American Legion Post 161 attended Church in a body with Commander Charles C. Allen leading the delegation for the Legion Service.

Fest Of Lights To Be Observed

The Ladies Auxiliary of Temple Beth Sholem, will meet Tuesday night, Nov. 19 (Monday night) to continue and complete arrangements for the celebration of Chanukah (Feast of Lights). It is expected that all children of the class for the Sunday School will take part.

Religious Instructor Assumes Duties Here

The board of Directors of Temple Beth Sholem, with the approval of the members, has authorized Jack Stetson, a Rabbinical student of West Palm to assume the duties of religious instructor for the temple.

Mr. Stetson also serves as religious instructor of Lake Worth temple, and will share his time between the two temples teaching Sunday school here every Sunday and conducting religious services every other Friday night at the temple.

During the Friday nights that Mr. Stetson will not be here the services will be conducted by the lay members of the temple.

Baptist Church To Have Special Music

This Sunday night the Carol and Chapel choir together will furnish special music. They will sing "If With All Your Heart" from the Elijah by Mendelssohn. Youth will have another leadership spot as Martha Pay Davidson and Leonard Higbee will play the organ and piano. The accompanists for the worship service will be Susan Clarke and Mrs. W. C. Bamford.

The Church welcomed into their fellowship the following on the premise of letter: Mr. and Mrs. J. S. Brannon from La Belle, Florida and Mrs. Barbara Lamb from Laurel, Mississippi.

The monthly Church Business Meeting will be held this Sunday night after the worship service to consider the plans for the first unit of North Belle Glade Baptist Mission.

The Wednesday evening prayer service will be held at the regular time next Wednesday with the Pastor speaking on "Gratitude or Ingratitude."

Dedication Of New Parish House In Clewiston Nov. 20th

The new parish house of St. Martin's Episcopal church, Clewiston, will take place next Tuesday night after a covered dish supper and the annual parish meeting.

The service of dedication will be conducted by the Rev. Lt. Col. Frank L. Titus, rector of the church of the Holy Cross, Miami. Father Titus, who will also be the guest speaker at the meeting has had a colorful career since taking chaplain's rank in the second world war. Serving with the 27th division he made an amphibian landing under fire at Saipan and later served with the division through the Okinawa campaign. He is present chaplain of the Miami chapter of the Military Order of World Wars, and of the 324th

General Hospital at the Miami Air Depot. He is a Mason, Kiwanian, and member of Lodge 948 of Elks.

He will be assisted in the ceremony of dedication by Father John Clarence, Rector of the Episcopal churches at Pahokee, Belle Glade, and Clewiston. Also taking part will be the Clewiston vestry and the members of the building committee who have been steering the building project to a successful conclusion.

Book Of Genesis Topic At Temple Beth Sholem

For his very first sermon in Temple Beth Sholem Mr. Jack Stetson chose as his topic the book of "Genesis" it being the first book of Moses, as well as the first book of the Bible. Its Hebrew name is Bereshith and is taken from its first word which means "In the beginning."

How did the world begin? Why is there evil in the world? Why do men have to work so hard to make a living? How did murder come into the world? What is the origin of clothes?

Men have always asked these questions too, and many others. They were also curious about themselves and their origins. It was amazing to them how the Jewish people, small and weak, and buffeted about by mighty kings and powerful empires, managed to survive. Did they possess some power mightier than the sword? What was that power? Why was Abraham chosen to found the Jewish people and why did God enter into a covenant with him?

The book of Genesis is concerned with these and other matters. The Bible speaks in "the ordinary language of men." Therefore it used the ideas men had at the time it was written to enable them to understand more readily the great spiritual teachings of the Jewish Religion.

Although our ideas of the world have changed and, with increasing knowledge, may further change, these great beliefs are unaffected by them and will remain unaffected forever. The real purpose of the Book of Genesis, like that of the rest of the Bible, is not to teach us scientific facts, but to tell us how God wants men to live in the world He created for them; and how the highest beliefs of the Jewish religion can help men to bring out the best within themselves and achieve a happy and worthwhile life.

Thanksgiving Services In Episcopal Church

Morning Prayer will be recited on Thanksgiving Day in the Episcopal Church of St. John the Apostle at Belle Glade. The Holy Eucharist will be celebrated at 11 in St. Martin's Clewiston.

Band Parents Meeting

The Band Parents Assn. will meet at 8 p. m. in the band room Tuesday, Nov. 20. All members are urged to attend and any persons interested in joining.

ACHING MUSCLES

Relieve pain of tired, aching muscles with STANBACK, rubs or powders. STANBACK acts fast to bring comforting relief... because the STANBACK formula combines several prescription type ingredients for fast relief of pain.

Thanksgiving Day will be a happier, more meaningful day...

for a "thank-you visit" to your church or synagogue

It's a story we all know and love—the first Pilgrim Thanksgiving. The excitement in their little homes must have been pretty much as it is today—the tantalizing smells of roast turkey and pumpkin pie—the bustle and rush of eager children—it must have been a wonderful day!

But before the Pilgrims sat down to their feast they observed the true meaning of Thanksgiving. They all gathered together in their meetinghouse to give thanks for the good they had received, for survival through a long year of hardship, and to

pray for the strength and courage to keep their faith in this strange, new land.

This Thanksgiving, why not take your family to your house of worship. A quiet hour of prayer and thanks will make your holiday so much more meaningful.

Wherever you are... whatever your beliefs may be... take time to offer your words of thanks... just as the Pilgrims did more than 300 years ago.

BUILD A STRONGER, RICHER LIFE... WORSHIP TOGETHER EVERY WEEK

Smart, Modern Pickup

On the road, you want all the performance, comfort, style and economy of this modern pickup.

Which of these trucks will do the most for you?

Light-duty Four-Wheel-Drive Truck
For the tough, tough off-the-highway hauling jobs, you want a truck with extra traction, extra power.

You get both with this "double-duty" INTERNATIONAL 4x4!

The INTERNATIONAL light-duty Model S-120 four-wheel-drive, pictured above in both illustrations, is a full-size pickup, with a full-size body, full-size cab. It's no cumbersome midget, or ungainly monster, but a modern pickup with comfort and good looks your wife will approve.

Yet with both axles engaged, it has power-plus and sure-footed traction to pull its 7,000 lbs. GVW effortlessly up

steep grades, through mud. It goes where roads can't go.

There's flexible auxiliary power, too. Power take-off gives extra power for most stationary or portable power jobs.

Why not come in today, and let us show you our wide choice of pickups, stakes, platforms. Convenient terms arranged through our Individualized Truck Payment Plan.

South Bay School News

Friday morning in assembly the Rev. Sparks of the Canal Point Methodist Church gave a very interesting and informa tive lecture on his Missionary work in China. His vivid de scriptions of the life of the average Chinese person, made us glad we live in a democratic country such as ours. He told us of their eating habits and gave a demonstration on how to use chopsticks. We're sure the students enjoyed this lec ture.

Norton Art Gallery Players are presenting four plays for children this season. They have asked us to publicize them along with our other school news. Al though they expect to attract the small fry there have been many enthusiastic Junior High school students in the audience in the past.

"Sing Ho For A Prince" is the musical based on the Sleep ing Beauty Legend which will be presented at the Gallery Saturday and Sunday, Nov. 24-25. The performances are sched uled for 1:30 and 4:30 p. m. and the price for students is 50c. Reservations must be made by calling the box office at TE 3-3896 West Palm Beach between 10 a. m. and 5 p. m. from Nov. 19-22 allowing for Thanksgiving Day.

W. C. Allen Named To Nat'l Office

W. C. Allen of South Bay, received word personally from

Dan Daniel, National Commend- of the American Legion, that he had been appointed by the National Executive Committee to serve as National Executive Committeeman for the term ending in the fall of 1957. The honor was bestowed upon Mr. Allen due to his outstand ing work in the American Le gion.

District Officers Visit S. Bay Post

Merrill Meade, 9th District Commander of the American Legion, Adjutant Drury Dixon and Committeeman George Nichols of West Palm Beach paid their official visit to South Bay American Legion Post 161 on Tuesday night.

Commander Charles C. Allen opened the meeting in regular form and then turned the meet ing over to Commander Meade. The Commander gave a won derful talk on how the Legion works and also brought up the subject of the Membership Roundup to be held in Fort Myers, Dec. 8-9. George Nichols also gave a talk on mem ber ship which inspired the local group to get more members. Strawberry short cake topped with whipped cream, sandw iches and coffee were served by auxiliary members, Mrs. Eric Hartline, Mrs. C. C. Allen, Mrs. Verda Higgenbotham, Mrs. Katie Holcomb, Mrs. Effie Al len and Miss Jane Allen.

Mormons District Conference Held

The church of Jesus Christ of Latter Day Saints held its District Conference in Miami Sunday in the New Chapel of the First Branch. The meeting was held under the direction of President of the South Florida District, Elder Robert G. Soren sen with Elder Berkley L. Bun ker presiding. The Orator for the Conference being Apostle

Le Grand Richards of Salt Lake City, Utah. President Sorenson reported on statistics for the District of 1236 members in 10 branches and 2 branches in Puerto Rico. Apostle Richards said there are 7,000 traveling missionaries out in the world preaching, now paying their own way. "The ministers of other faith marveled at this fact and can not understand how they can afford to carry the gospel to the world with out 'purse or scrip' but it is done through the spirit of the Lord," he ad ded.

Elder Lawrence O'Connell was elected second Counselor to the mission President during the morning session he gave a most inspiring talk, choosing for his subject, "Divinity of Jesus Christ."

Elder James Hansen super vising elder of the missions of the South Florida District spoke on "The lack of young people attending church and Sunday School."

Another very outstanding speaker of the Southern States Mission for the morning session was sister Lucille Bunker, wife of President Bunker and moth er of the Southern States Mis sions. Her subject was pre sented very stately, having chosen, "Honoring the Priest hood," the greatest asset the church owns.

The orator for the morning session was Apostle Le Grand Richards, former Southern States Mission President about 20 years ago. He chose his talk from the 50th Psalm, "The Mighty God Has Again Come to the People of the Earth." Those attending the confer ence of the Church of Jesus Christ of the Latter Day Saints in Miami Sunday were, Elder Julius Herring and wife, Mrs. Melvin Herring, Mrs. Hayte White, Mrs. Penny Williams and children, Clay, Peggy, and Bonnie, Mrs. Ethel Davis, Mrs. Evelyn Atkinson and children, Linda and Ramona, and her nieces, Judy and Ann Atkinson, and Barbara, Mrs. Liza Ro bert and daughter, Elsie Marie, and Mr. Jack Wilkins and Mrs. Lucille Walker.

Newest Buick Yet

We've introduced a lot of new Buicks to the local scene—but never before one as new as this.
Inside and outside, top to toe, end to end—this is the newest Buick yet.
And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.
You'll see what we mean when you study these gorgeous new Buicks close up.
They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.
They bring a wide-eyed new visibility of the road ahead with a rakish windshield that adds hundreds more square inches of glass area.
They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.
They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.
But above and beyond all else—these 1957 Buicks are brand new in performance:
—with a V8 engine that's completely new from the crankshaft up, to give you the highest horsepower and compression ratios in all Buick annals.
—with an advanced new Variable Pitch Dynaflo™ that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.
All this covers only the big advances in the 1957 Buick.
There are other wonderful new things to see—the new safety instrument panel—the new dip-center steering wheel—the new color-mate interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.
As your Buick dealer, we're ready and eager to tell you the full story of these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.
*New Advanced Variable Pitch Dynaflo™ is the only Dynaflo™ Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Hospital Auxiliary To Elect Officers A nominating committee composed of Mrs. Roy Brown, Mrs. Thomas Bregger and Mrs. William Graber was appointed at the meeting of the Hospital Auxiliary Tuesday afternoon.

The group will present a slate at the next meeting and election of officers and installation will take place at 7 p. m. Leigh Scott will be the installing officer.

Members of the auxiliary decided to decorate the hospital rooms with small Christmas trees during the holidays. They wish to express thanks and appreciation to the ladies of the Baptist WMU for the sewing and mending during the month of October. Mrs. J. L. Price, presided at the meeting.

Preceding the business meeting a work session was held at 2 p. m. and a large quantity of mending, sewing and preparing surgical supplies for the sterilizer was accomplished.

LEGAL NOTICES An Ordinance of the City of Belle Glade, Florida, providing that the Code of Ordinances of the City of Belle Glade, Florida, be amended by adding a section to be numbered 1-1, to read: "The City of Belle Glade, Florida, hereby ordains that any person who is found guilty of violating any of the provisions of the Code of Ordinances of the City of Belle Glade, Florida, shall be fined not less than \$10.00 and not more than \$50.00, and shall be liable for the costs of the prosecution." Last Rites Held For G. McLarty, Jr.

Funeral services for George G. McLarty, Jr., 28, a native of Pahokee, who was drowned in the Lake Worth Canal early Friday morning, were held at the First Methodist Church in Pahokee Sunday at 2 p. m.

The Rev. John Clarence Pietar, vicar of St. John the Apostle Church, Belle Glade, officiated, assisted by Rev. Wayne Owens, pastor of the First Methodist Church. McLarty was enroute to Lake Worth where he lived with his parents after visiting relatives in Pahokee when the accident occurred, according to Troop C. M. Williams of the Florida Highway Patrol. Harry Johnson of Pahokee was the casket bearer.

McLarty was 28 years old, single, and was employed by the Sun state with Dave Garraway. He was a member of the Sun state with Dave Garraway. He was a member of the Sun state with Dave Garraway.

Immunization For Diphtheria Advised By Dr. Brumback

An outbreak of diphtheria in the county with three children hospitalized since Oct. 15, brought a warning from the Palm Beach County Health Department to all parents to inspect the immunization record of their children.

The children hospitalized were four, six and 13 years of age, with one being on the critical list when taken to the hospital.

Diphtheria is a "dangerous disease" when not treated properly according to Dr. C. L. Brumback, director of health department who urged parents to inspect the immunization record of their children.
